### SUMMARY

---

Full-Stack Developer with 5+ years of experience crafting scalable, high-performance applications using Node.js, Laravel, Django, Vue, and React. Skilled in building RESTful APIs, designing responsive user interfaces, and optimizing databases with MySQL, PostgreSQL, and Redis. Passionate about modern technologies such as Docker and AWS to deliver fast, secure, and efficient web/apps solutions.

### EXPERIENCE

---

#### PT CIOMAS ADISATWA | IT DEVELOPER AND SUPPORT

Jakarta, Indonesia | Jul 2024 – Aug 2025

I actively contribute to software development within AWS, Java–Oracle APEX, and Node.js–Vue.js environments, leveraging my expertise to design, implement, and optimize robust solutions that align with business objectives. My role bridges technical and operational functions, delivering valuable outcomes that enhance overall IT efficiency.

#### PT KINARYA ALIHDAYA MANDIRI | FULL-STACK DEVELOPER

Jakarta, Indonesia | Dec 2022 – Nov 2023

I developed a robust and scalable job portal and recruitment system using an enterprise Laravel environment. Additionally, I designed and implemented several key applications for attendance tracking, self-assessment and scoring system, and billing collection, demonstrating the versatility in developing complex applications that address diverse business needs and operational requirements.

#### PT KERJAKU INTI SEJAHTERA | JUNIOR WEB DEVELOPER

Bandung, Indonesia | Nov 2018 – Mar 2019

I assessed and validated UI/UX designs for technical feasibility, implemented responsive and user-friendly components to ensure a seamless cross-device experience, and collaborated using jQuery and the Phalcon Framework to deliver scalable and high-quality web applications.

#### POLITEKNIK INDONUSA SURAKARTA | IT SPECIALIST

Surakarta, Indonesia | Jun 2019 – Sept 2019

I built a comprehensive academic web portal using WordPress CMS to enhance content management and user engagement. Additionally, I managed the campus-wide network infrastructure, ensuring reliable internet connectivity to support daily operations. I also provided technical assistance and guidance to students, fostering a supportive environment that enhanced their overall learning experience.
